额外补充 **不同风格的文章改写学习参考** (笔记最后修改于:2025-03-04 11:01:05) 8

※ 更地道、更生动，拓展词汇

> 着重提升词汇和句子结构，使文章更加生动，如 loomed large, adding to the overwhelming atmosphere, words tumbled out rapidly，增强了描写性语言，使其更接近文学化表达。

I finally arrived in London.

The railway station loomed large, its blackened walls and dim lighting adding to the overwhelming atmosphere.

Unsure of how to reach my hotel, I approached a porter for directions.

I made sure to articulate every word carefully and clearly.

Yet, to my dismay, the porter didn't understand a word I said.

I repeated my question multiple times, and after several attempts, he finally grasped what I meant.

He responded, but his words tumbled out rapidly and unclearly.

"I'm a foreigner," I explained.

At this, he slowed down his speech, but to my frustration, I still couldn't comprehend him.

My teacher had never spoken English like that!

The porter and I exchanged amused glances, both sharing a moment of mutual confusion.

Then he said something unexpected—something I actually understood.

"You'll pick up English in no time!" he reassured me.

I wasn't so sure. In England, it seemed as though every person had their own version of the language.

The English could understand each other effortlessly, yet I found myself completely lost.

Was it really English they were speaking?

※ 突出自然表达，融入更多短语动词和固定搭配

> 更口语化、更自然，融入了地道的短语动词（dawned on him, get the hang of it, turned to a porter），让文章更像地道的英语表达，适合对话场景和非正式写作。

At long last, I arrived in London.

The railway station was massive, its dark and soot-covered structure giving it an almost intimidating feel.

Having no idea how to get to my hotel, I turned to a porter for help.

I made sure to enunciate every word with the utmost care and clarity.

But to my frustration, he just stared at me, looking utterly confused.

I tried again, repeating myself over and over. Eventually, the meaning dawned on him.

He replied—but much too fast and far from clearly.

“I’m a foreigner,” I admitted.

That seemed to do the trick—he slowed down.

Yet, even then, his words were a jumble to me.

My teacher had never spoken English like this before!

We exchanged looks and chuckled.

Then, suddenly, he said something that, to my relief, I actually understood.

“You’ll get the hang of it soon!” he assured me.

I wasn’t so convinced. In England, it seemed like everyone had their own way of speaking.

The English understood one another just fine—but as for me, I was completely lost.

Were they really speaking English?

※ 适合英语学习者，提升词汇但保持清晰表达

> 保持了适合英语学习者的特性，虽然词汇略有提升（如 enormous 替代 big），但仍然保持了句子清晰，语法简单易懂，适合扩大词汇量而不过分增加阅读难度。

At last, I arrived in London.

The railway station was enormous, its dark appearance making it look even more unfamiliar to me.

Since I didn’t know how to reach my hotel, I approached a porter and asked for directions.

I spoke as clearly and carefully as I could.

However, the porter didn’t seem to understand me at all.

I repeated my question several times, and finally, he got my meaning.

He answered, but he spoke too quickly and not clearly enough for me to follow.

“I’m a foreigner,” I explained.

This made him slow down his speech.

But even then, I couldn’t understand what he was saying!

My teacher had never spoken English like that before.

The porter and I exchanged glances and smiled.

Then, to my surprise, he said something I actually understood.

“You’ll learn English soon!” he said.

I wasn’t so sure. In England, it felt like every person had their own version of the language.

The English seemed to understand one another perfectly, but I struggled to understand them.

Were they really speaking English?

you bet = certainly

当然了、肯定了
